

Cookie policy

www.conson.com

Latest version: v1.0 – 30 april 2018

This cookie policy applies to the sending, writing, reading and use of cookies for our website with domain name www.conson.com (hereinafter: “website”).

The owner and webmaster of the website is Conson A/S (Møllevangen 22, 4220 Korsør - Denmark) with VAT no. DK34882320, and Cottyn & Partners bvba (J.B. De Greeflaan 12, 1731 Zellik - Belgium) with VAT no. BE0446673122.

1. Information about our usage of Cookies

Our website uses Cookies and similar technologies to differentiate your preferences from those of other users of our website. That way we can make your user experience as pleasant as possible during a visit to our website and we can improve our website at the same time.

Cookies and similar technologies do not allow us to systematically collect data to identify visitors to our website. They only help us to improve the functioning of our website, to understand the interests of our users and to measure the effectiveness of the content of our website.

As a result of recent legislative changes, all websites that focus on certain parts of the European Union are obliged to ask you for your permission to use or store cookies and similar technologies on your computer or mobile device. This cookie policy gives you clear and complete information about the cookies we use and their purpose.

For additional information about our Cookie Policy, you can contact us via info@conson.com or via info@eurodomotics.com.

2. What is a cookie?

A "cookie" is a small text file that is sent by the server of a website and stored on your computer's hard drive. In this way we remember your preferences during a visit to our website.

The information recorded by these cookies may only be read by the sender and only during the visit to the website. You can disable the use of these cookies by adjusting the settings of your web browser.

3. Types of cookies

Cookies can be subdivided based on their origin, function and durability.

First party cookies are cookies that are sent by the website that the user visits, i.e. the website whose address is in the address bar. (eg the cookies that Cottyn & Partners bvba uses)

Third party cookies are cookies that are sent by a different domain than the one that the user visits. One speaks of a third party cookie when a user visits a certain website and a third party sends a cookie via that website. (eg cookies that use Google, Twitter and Facebook).

Functional cookies are cookies that guarantee the proper functioning of the website. (eg cookies for login or registration details, language preferences). Functional cookies are logically first party cookies.

Non-functional cookies are cookies that can be placed for statistical, social, targeting or commercial purposes. They have no impact on the technical support of the website. Thanks to cookies with a statistical function, we know which pages of the website you visit, where your computer is located, etc. Cookies with a social function enables the user to share the content of the visited website directly with others via social media. Cookies with a targeting function help us to create a profile based on your surfing behavior so that the ads displayed are tailored to your interests. Cookies with a commercial purpose keep track of how many and which advertisements a user sees. Non-functional cookies can be both first party and third party cookies.

Permanent cookies are stored between surf sessions on the user's device to remember preferences or actions of that user. The cookies are activated every time that same user visits the website (eg cookies placed by social media such as Twitter, Facebook, Google Analytics etc.). Most non-functional cookies are permanent cookies.

Session cookies allow websites to follow the actions of a user during a surf session. A surfing session starts from the moment a user opens his web browser and ends when he closes the window again. Session cookies are only temporarily placed. If you close the browser, the cookie is deleted. Most functional cookies are session cookies.

4. Your permission

When you visit our website for the first time you will be asked to accept our various cookies. You can allow or reject the cookies for each category. You can change the cookie settings for our website at any time via a hyperlink at the bottom of our website and thus revise your consent.

5. Change your browser settings

We draw your attention to the fact that you can change your cookie settings in your browser. These settings can usually be found via the 'Options' or 'Preferences' menu of your web browser. The following links can help you better understand these settings. If you require additional information, you can consult the 'Help' function of your browser.

6. More information about cookies

Information about cookies

You can find more useful information about cookies: <http://www.allaboutcookies.org/>

Internet Advertising Bureau

The association for digital marketers has made a guideline for online behavioral advertising and online privacy. This guide can be found at: <http://www.youronlinechoices.eu/>
